Cession of Concurrent Criminal Jurisdiction
To The United States Bureau of Prisons
Pursuant To California Government Code Section 126
At Federal Prison Camp, Boron, San Bernardino County
At Federal Correctional Institution, Taft, Kern County
At Metropolitan Detention Center, Los Angeles, Los Angeles County
At United States Penitentiary, Atwater, Merced County
At Federal Correctional Institution, Mendota, Fresno County

Pursuant to Government Code Section 126 the State Lands Commission is authorized on behalf of the State of California to cede concurrent criminal jurisdiction to the United States upon finding:

a. the land is held for the erection of forts, arsenals and other needful buildings, or other public purpose within the purview of Clause 17 of Section 8 of Article 1 of the United States Constitution or for the establishment, consolidation, and extension of national forests under the act of congress approved march 1, 1911 known as the weeks act, or for any other federal purposes;

b. the cession is in compliance with the laws of the United States;

c. the United States has in writing requested such cession; and

d. the State reserves jurisdiction over the land for purposes of water acquisition and management;

CALENDAR PAGE
MINUTE PAGE

e. the Legislature and the State except and reserve to the State all deposits of minerals, including oil and gas, in the land, and the right to prospect for, mine, and remove such deposits from the land;

f. the United States has agreed to compensate the State for costs incurred in processing the cession.

Presently, the United States has concurrent criminal jurisdiction over the Federal Prison Camp, Boron, the Federal Correctional Institution, Taft, the Metropolitan Detention Center, Los Angeles and the United States Penitentiary, Atwater. These cessions expire pursuant to Government Code Section 126 in the 4th Quarter, 2006 or early 2007. The United States has proprietorial legislative jurisdiction over the United States Federal Correctional Institution, Mendota, California.

By letter dated February 23, 2006 the United States has requested that the State of California cede concurrent criminal legislative jurisdiction over all of these facilities for five years. With regard to the sites presently under concurrent jurisdiction, the United States has previously stated: "Concurrent criminal jurisdiction is urgently needed to allow the United States to conduct federal investigations and prosecutions of certain criminal offenses that may occur on the land. In particular, we believe it is mutually desirable, and in the interests of sound administration of federal penal institutions, that the United States have concurrent criminal jurisdiction with the State of California as to this site." With regard to the Mendota site the United States believes "... it is mutually desirable, and in the interest of sound administration of a federal penal institution, that the United States has concurrent criminal jurisdiction with the State of California as to this site." County law enforcement agencies having jurisdiction where these facilities are located have sent the Commission letters supporting the United States obtaining jurisdiction.

A noticed public hearing was held on April 4, 2006. Notice of the hearing was published as required by Section 126 and served upon the Clerk of the Board of Supervisors for the various counties and upon the city clerk for the City of Los Angeles. Affidavits of the publication and service are found in the Commission's files. No comments in opposition to the cession were received.

The Commission staff believes that the cession of concurrent criminal jurisdiction over these five facilities is in the best interest of the State of California in connection with the exercise of criminal jurisdiction over them.
