CONSIDER CESSION OF CONCURRENT CRIMINAL LEGISLATIVE JURISDICTION PURSUANT TO CALIFORNIA GOVERNMENT CODE SECTION 126 OVER LANDS AT THE VETERANS AFFAIRS SAN DIEGO HEALTHCARE SYSTEM AT 3350 LA JOLLA VILLAGE DRIVE, SAN DIEGO, SAN DIEGO COUNTY

PARTY:

United States, Department of Veterans Affairs (VA)

AREA, LAND, TYPE, AND LOCATION:

Veterans Affairs San Diego Healthcare System (VASDHS), 3350 La Jolla Village Drive, San Diego, San Diego County.

BACKGROUND:

Pursuant to Government Code section 126, the Commission is authorized, on behalf of the State of California, to cede concurrent criminal legislative jurisdiction to the United States. Legislative jurisdiction is the authority to make and enforce laws within a geographic area. When the State cedes concurrent criminal legislative jurisdiction, it grants the federal government authority to enforce State criminal law over federal property yet retains its enforcement authority. The United States seeks these cessions because criminal law of the United States is limited, whereas State criminal law is much more comprehensive. The State, generally, has the authority to exercise its criminal law on federal lands, but the United States cannot do the same without receiving a cession of legislative jurisdiction. This concurrent, or shared, authority provides for greater flexibility in enforcing criminal law. State or local law enforcement officials may struggle to access large or remote federal properties, such as military bases or national parks. However, if the State cedes concurrent criminal legislative jurisdiction over such properties, federal law enforcement officials may respond to incidents, ensuring a timelier response while reducing strain on State and local officials.

The Commission may cede concurrent criminal legislative jurisdiction only upon finding:

- A. The United States has requested such cession in writing.
- B. The federal lands are held for the erection of forts, magazines, arsenals, dockyards and other needful buildings within the purview

STAFF REPORT NO. 72 (CONT'D)

of clause 17, section 8, article I of the United States Constitution or other federal purpose.

- C. The cession is made pursuant to and in compliance with the laws of the United States.
- D. A notice of the proposed cession has been given to the clerk for the board of supervisors of the county in which the federal lands are located at least 15 days before the proposed cession.
- E. The proposed cession is in the best interests of the State of California.
- F. The United States has agreed to bear all costs and expenses incurred by the Commission in making the cession.

Upon making these findings and the Commission having made a cession, the State and the United States will equally share the State's criminal legislative jurisdiction over lands affected by the cession. The cession shall continue only so long as the lands are owned by the United States and used for the purposes for which jurisdiction is ceded or for 10 years, whichever period is less. In ceding concurrent criminal legislative jurisdiction, the State reserves its full civil legislative jurisdiction including its jurisdiction over the land, water, and use of water with full power to control and regulate the acquisition, use, control, and distribution of water with respect to the land affected by the cession.

PROPOSED ACTION:

By letter signed by Anthony E. Costa, an Executive Director of the VA, dated March 27, 2019, the United States has requested that the State of California cede concurrent criminal legislative jurisdiction over the lands described in Exhibit A for a 10-year period for federal purposes. The United States owns these lands comprising the VASDHS. If approved, this would be the first cession of concurrent criminal legislative jurisdiction made over the VASDHS. Local law enforcement has indicated its support for the proposed cession.

Staff sent a notice of the proposed cession to the Clerk of the Board of Supervisors for San Diego County on August 1, 2019.

The United States has agreed to bear all costs and expenses incurred by the Commission in making the cession.

STAFF REPORT NO. 72 (CONT'D)

Staff believes all pertinent federal law has been complied with, and the United States has accepted the cession, as required by 40 U.S.C. section 3112, which will be effective upon recordation with the San Diego County recorder's office.

STAFF ANALYSIS AND RECOMMENDATION:

Authority:

Government Code section 126.

State's Best Interests Analysis:

Ceding concurrent criminal legislative jurisdiction over the VASDHS to the United States will share the State's authority to make and enforce criminal law with the United States. Accordingly, the United States could independently enforce criminal law for crimes committed on VASDHS instead of relying on local law enforcement to respond and enforce the law. Thus, the proposed cession would alleviate the burden on local law enforcement agencies while preserving their authority to enforce the law for crimes committed on VASDHS, if needed. For these reasons, staff believes that the cession of concurrent criminal legislative jurisdiction is in the best interests of the State.

OTHER PERTINENT INFORMATION:

1. Approval or denial of the requested cession is a discretionary action by the Commission. Each time the Commission approves or rejects a cession, it exercises legislatively delegated authority. If the Commission denies the requested cession, all legislative jurisdiction will remain with the State. If the Commission approves the requested cession, the United States will share concurrent criminal legislative jurisdiction with the State but have no right to a new cession upon expiration of the requested cession.
2. This action is consistent with Strategy 3.1 of the Commission's Strategic Plan to "foster, improve, and enhance relationships, to engage the legislature, public, local, state and federal agencies, legislative grantees, Commission lessees, potential applicants, non-governmental organizations, and the regulated community."
3. The subject cession of jurisdiction is not a project as defined by the California Environmental Quality Act because it is an administrative action that will not result in direct or indirect physical changes in the environment.

Authority: Public Resources Code section 21065 and California Code of Regulations, title 14, sections 15378, subdivision (b)(5).
