**NOTICE OF PUBLIC REVIEW AND INTENT TO ADOPT A
MITIGATED NEGATIVE DECLARATION**

(State CEQA Guidelines, sections 15072 and 15073)

A Mitigated Negative Declaration (MND) has been prepared by the California State Lands Commission (CSLC), as lead agency under the California Environmental Quality Act (CEQA) (Pub. Resources Code, § 21000 et seq.), in response to an application submitted by the Bandwidth Infrastructure Group, LLC (Applicant) for the San Francisco Bay Fiber Optic Cables Project (Project). The MND was prepared in compliance with the requirements of CEQA, the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.), and CSLC regulations (Cal. Code Regs., tit. 2, § 2901 et seq.).

Project Title: San Francisco Bay Fiber Optic Cables Project

Project Location: Onshore and across the San Francisco Bay between the cable landing sites in Brisbane in San Mateo County, and San Leandro in Alameda County in California

Project Description: The Project would install two nonlinear, parallel, and close-together fiber optic cables across San Francisco Bay from a landing vault in Brisbane to a landing vault in San Leandro. The two fiber optic cables would be installed using horizontal direction drilling from the landing vault locations into the San Francisco Bay before being exiting the bay floor and being buried using a jet sled across most of the route in San Francisco Bay.

The Project MND can be downloaded, in PDF format, at
