RE: San Clemente Sand Replenishment Project

Dear Ms. Lucchesi:

I'm contacting you today regarding the San Clemente Sand Replenishment Program which is an important project occurring in my District. It's my understanding that this project is now ready to be completed with 250,000 cubic yards of sand to be placed on city beaches and that their lease is currently pending with the California State Lands Commission.

This is a vitally important project in my district which I have been involved with since 2021 and it's important that it gets completed in the timeframe that's allotted. I understand that their lease is pending with the commission and is on calendar to be heard at the August meeting. I'm asking that the Commission approve to ensure this lease gets approved so that this project can move forward without any further delays. The timing of this project is crucial so that there are minimal environmental impacts to the area while the project takes place.

Again, I thank you for your consideration of this request. Should you have any questions please don't hesitate to contact me or my Chief of Staff Cheri West at (916) 651-4036.

Sincerely,

A handwritten signature in purple ink that reads "Janet Nguyen".
