

# Staff Report 57

## **APPLICANT:**

---

LS Power Grid California, LLC

## **PROPOSED ACTION:**

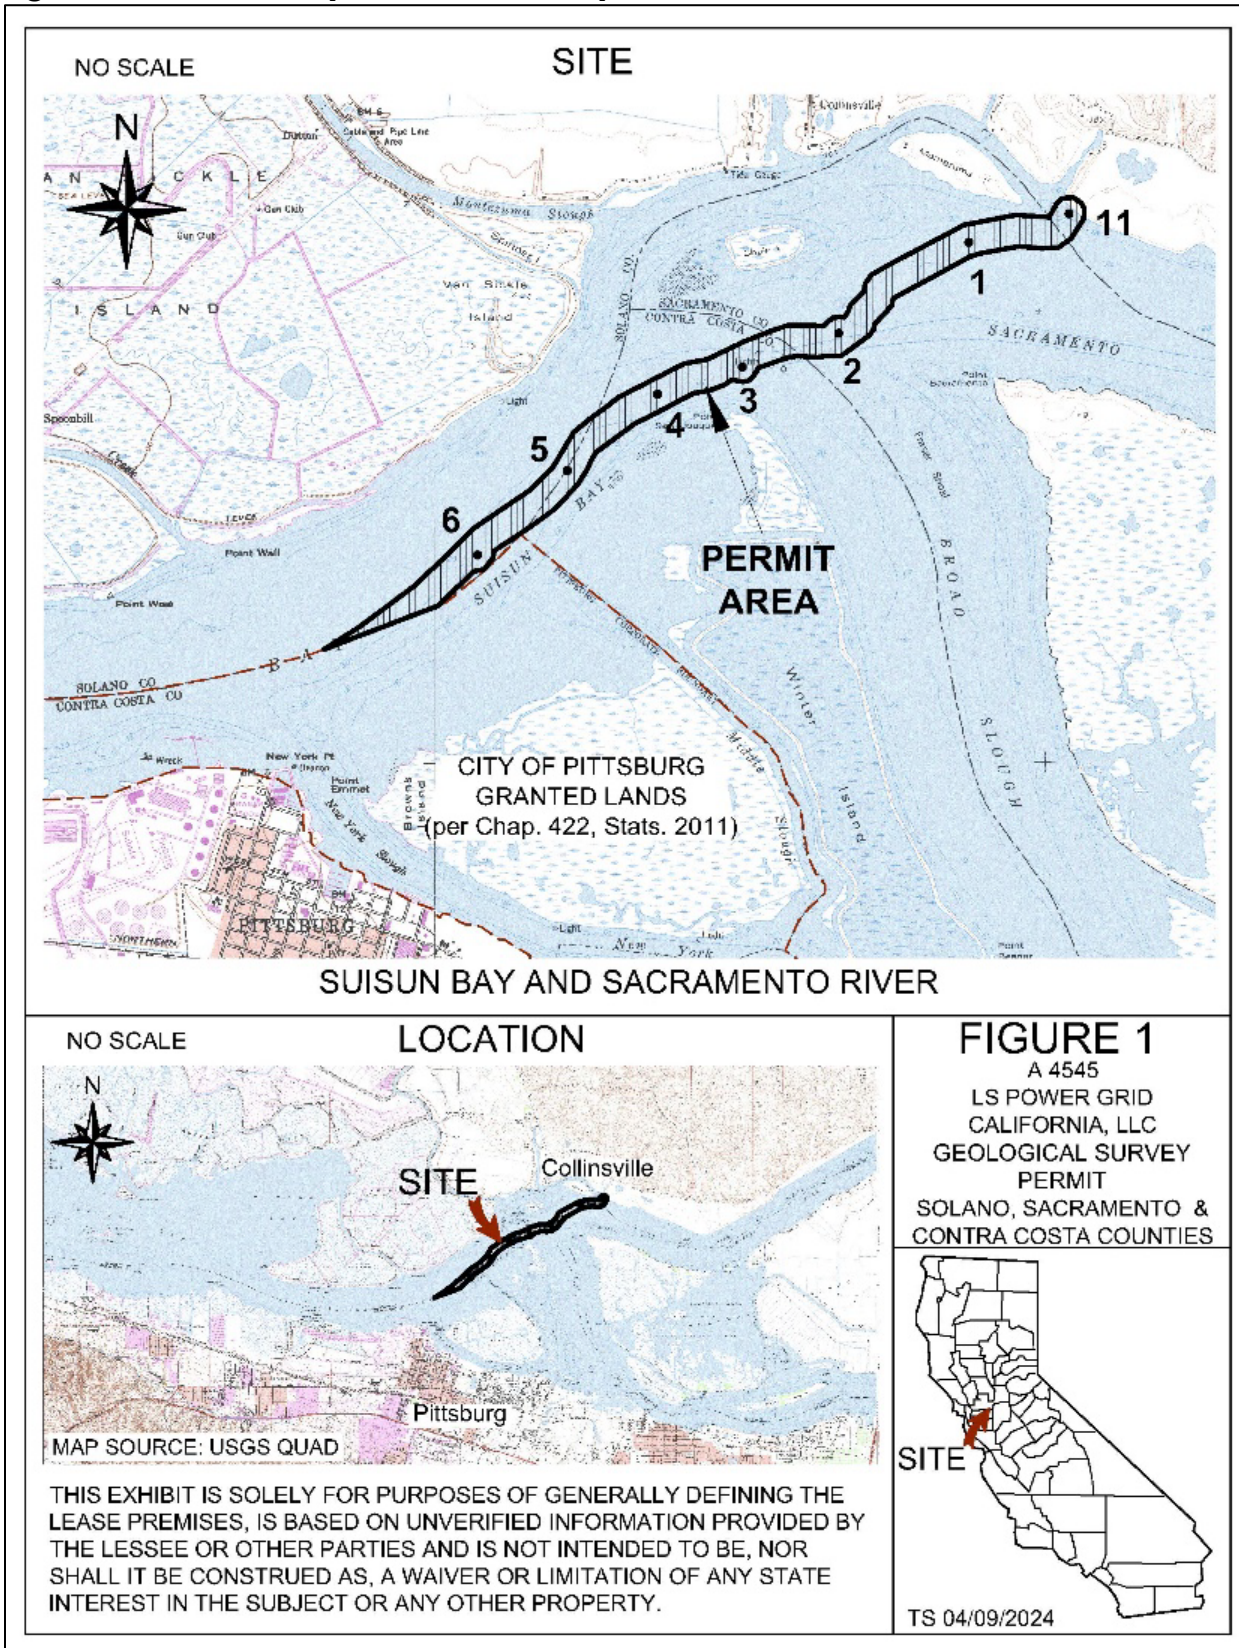

---

Issuance of a Non-Exclusive Geological Survey Permit.

## **AREA, LAND TYPE, AND LOCATION:**

Sovereign land, Assessor's Parcel Number 0090-18-0220 in Solano County and Assessor's Parcel Number 085-010-012-4 in Contra Costa County, located within the Sacramento-San Joaquin Delta in the northern greater San Francisco Bay Area, Solano, Sacramento, and Contra Costa counties, Section 22, Township 2 and 3 North, Range 1 East, Mount Diablo Baseline & Meridian (as shown in Figure 1 and Table 1, below).

Figure 1. Permit Area (Site and Location)

**Table 1. Boring Locations**

Boring ID	Boring Method	Township	Range	Section	Latitude	Longitude
1	Rotary	03N	01E	00	38.06968569	-121.83951014
2	Rotary	03N	01E	00	38.06477618	-121.84840604
3	Rotary	03N	01E	00	38.06296038	-121.85498254
4	Rotary	03N	01E	00	38.06149554	-121.86076564
5	Rotary	03N	01E	00	38.05737567	-121.86694543
6	Rotary	02N	01E	00	38.05283236	-121.87307184
11	Rotary	03N	01E	00	38.07122683	-121.83265134

**AUTHORIZED USE:**

Non-exclusive use of portions of Sovereign land in Solano, Sacramento, and Contra Costa Counties, located within the Sacramento-San Joaquin Delta in the northern greater San Francisco Bay Area, Solano, Sacramento, and Contra Costa counties for the collection of geological data by rotary drilling up to 10 7-inch-diameter borings with water to a depth of 15 to 100 feet.

**TERM:**

3 years, beginning June 7, 2024.

**SPECIFIC PERMIT PROVISIONS:**

- The general terms of this Geological Survey Permit require the permittee to provide staff with advance notification of operations and the equipment specifications to be employed. Staff may obtain copies of all geological data derived from any and all surveys under this permit upon request.
- Lessee acknowledges that the land described in this Permit is subject to the Public Trust and is presently available to members of the public for recreation, waterborne commerce, navigation, fisheries, open space, or other recognized Public Trust uses, and that Lessee's proposed construction activities and use of the Lease Premises shall not interfere or limit the Public Trust rights of the public.
- At least 2 weeks prior to the start of construction, Lessee agrees to post signs on the Pittsburg marina parking lot and boat ramp indicating the dates that the work will begin and the duration of any closure of the river access.

- At all times during work, Lessee agrees to install precautionary signage at the local marina docks and warning buoys upstream and downstream of the construction in the river in order to provide adequate warning notices to recreational users on the river of the potential safety hazards associated with project construction and to exercise caution.

## **STAFF ANALYSIS AND RECOMMENDATION:**

---

### **AUTHORITY:**

Public Resources Code sections 6005, 6212.2, 6216, and 6301; California Code of Regulations, title 2, section 2100.02 et seq.

### **PUBLIC TRUST AND STATE'S BEST INTERESTS:**

LS Power Grid California, LLC has applied for a 3-year Geological Survey Permit to gather geological and geotechnical data from Sovereign land in Solano, Sacramento, and Contra Costa counties, located within the Sacramento-San Joaquin Delta, in the northern greater San Francisco Bay Area. The permit will enable the drilling of no more than 10 borings in the Delta conducting geotechnical soil sampling to evaluate the geologic and geotechnical feasibility of trenching the proposed route of the submarine cables associated with the Collinsville 500/230 kV Substation Project, which will be permitted separately.

The borings will be drilled with a small rig loaded onto a barge and towed to each of the no more than 10 locations. The work is expected to take no more than 3 weeks. The drilling process will involve a potable water non-toxic drilling fluid, and the boreholes will be naturally backfilled with sediment through natural riverine processes.

California courts have recognized the collection of data for scientific study on lands subject to the Public Trust as a use consistent with the common law Public Trust Doctrine. (See e.g., *Marks v. Whitney* (1971) 6 Cal.3d 251, 259-260.) Additionally, California Public Resources Code section 6212.2 expressly permits the Commission to issue permits for the taking of cores or other samples by means of drilling operations for the purpose of obtaining geological information so long as the activity is not for the purpose of commercial exploration or exploitation. The proposed permit contains restrictions to safeguard public rights and environmental resources. For example, the permit grants non-exclusive use of the permit area to the permittee and the defined

work must be completed within 3 years. Furthermore, all work must be conducted in an environmentally conscientious manner.

Given these considerations, staff believes authorizing the permit will not substantially interfere with the Public Trust needs at this location at this time or for the foreseeable term of the permit.

For all the reasons above, staff believes that approving the permit application is consistent with the common law Public Trust Doctrine and is in the best interests of the State. Staff recommends approval of this Non-Exclusive Geological Survey Permit application.

### **TRIBAL COORDINATION AND CONSULTATION:**

Tribal outreach and a historical resources study was conducted by the LS Power Grid California, LLC's archeological consultant Paleo West in June of 2023. A record search of the Native American Heritage Commission (NAHC) Sacred Lands File was completed for the information submitted for the above-referenced project (Exhibit A, attached). The results were negative, indicating an absence of specific site information in the NAHC Sacred Lands Files. Absence of site specific information does not always indicate the absence of tribal cultural resources. Therefore, consultation letters were sent to the tribes listed on the NAHC contact list as shown in Exhibit A. The Amah Mutsun Tribal Band of San Juan Bautista offered training or onsite services if requested but did not indicate any interest in the estuary work area. Eighteen additional tribes listed on the Native American Heritage Commission's AB 52 list did not respond to the LS Power Grid California LLC's consultation request.

### **OTHER PERTINENT INFORMATION:**

---

1. Approval or denial of the application is a discretionary action by the Commission. Each time the Commission approves or rejects a use of sovereign land, it exercises legislatively delegated authority and responsibility as trustee of the State's Public Trust lands as authorized by law. If the Commission denies the application, the Applicant will not be authorized to conduct geological surveys on sovereign land. Upon expiration or prior termination of the permit, the applicant has no right to a new permit or to renewal of any previous permit.
2. This action is consistent with the "Meeting Evolving Public Trust Needs" and "Partnering with Sovereign Tribal Governments and Communities" Strategic Focus Areas of the Commission's 2021-2025 Strategic Plan.

3. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 6, Information Collection; California Code of Regulations, title 2, section 2905, subdivision (e)(3).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.

## **EXHIBIT**

---

- A. Native American Heritage Commission's Response to Katherine Sinsky, PaeloWest dated June 1, 2023

## **RECOMMENDED ACTION:**

---

It is recommended that the Commission:

### **CEQA FINDING:**

Find that the activity is exempt from the requirements of CEQA pursuant to California Code of Regulations, title 14, section 15061 as a categorically exempt project, Class 6, Information Collection; California Code of Regulations, title 2, section 2905, subdivision (e)(3).

### **PUBLIC TRUST AND STATE'S BEST INTERESTS:**

Find that proposed Permit will not substantially interfere with Public Trust needs and values, is consistent with the common law Public Trust Doctrine, and is in the best interests of the State.

### **AUTHORIZATION:**

Authorize issuance of a Non-Exclusive Geological Permit to LS Power Grid California, LLC to conduct geological surveys for the period June 7, 2024, through June 6, 2027, to gather geological and geotechnical data by drilling up to 10 shallow borings within Sovereign land located within Sacramento-San Joaquin Delta in the northern greater San Francisco Bay Area, Solano, Sacramento, and Contra Costa counties.

## NATIVE AMERICAN HERITAGE COMMISSION

June 1, 2023

Katherine Sinsky  
PaleoWest

Via Email to: [ksinsky@paleowest.com](mailto:ksinsky@paleowest.com)

**Re: Insignia Collinsville Substation Project, Contra Costa and Solano Counties**

Dear Ms. Sinsky:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information you have submitted for the above referenced project. The results were negative. However, the absence of specific site information in the SLF does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated; if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify me. With your assistance, we can assure that our lists contain current information.

If you have any questions or need additional information, please contact me at my email address: [Cody.Campagne@nahc.ca.gov](mailto:Cody.Campagne@nahc.ca.gov).

Sincerely,

*Cody Campagne*

**Letter of Response**

***To whom it may concern:***

It is our pride and privilege to be of service for any Native American Cultural Resource Monitoring, Consulting and/ or Sensitivity Training you may need or require. We take our Heritage and History seriously and are diligent about preserving as much of it as we can. Construction is a constant in the Bay Area and with that new discoveries are bound to happen. If you choose our services we will gladly guide all personnel through proper procedures to safely protect and preserve: Culture, Heritage, and History.

It is highly recommended, if not previously done, to search through Sacred Lands Files (SLF) and California Historical Resource Information Systems (CHRIS) as well as reaching out to the Native American Heritage Commission (NAHC) In order to determine whether you are working in a Cultural and/ or Historic sensitivity.

If you have received any positive cultural or historic sensitivity within 1 mile of the project area here is A.M.T.B Inc's and Amah Mutsun Tribal Band of San Juan Bautista's recommendations:

- All Crews, Individuals and Personnel who will be moving any earth be Cultural Sensitivity Trained.
- A Qualified California Trained Archaeological Monitor is present during any earth movement.
- A Qualified Native American Monitor is present during any earth movement.

If further Consultation, Monitoring or Sensitivity Training is needed please feel free to contact A.M.T.B. Inc. or Myself Directly.

Sincerely, Irenne Zwiierlein

Our rates for 2023

\$250.00 per hour.

4 hours minimum

Cancellations not 48 hours (about 2 days) prior will be charged a 4-hour minimum. There is a round trip mileage charge if canceled after they have traveled to site.

Anything over 8 hours a day is charged as time and a half.

Weekends are charged at time and a half.

Holidays are charged at double time.

For fiscal year (FY) 2023, standard per diem rate of \$329 (\$255 lodging, \$74 M&IE).

**M&IE Breakdown FY 2023**

<b>M&amp;IE Total<sup>1</sup></b>	<b>Continental Breakfast/ Breakfast<sup>2</sup></b>	<b>Lunch<sup>2</sup></b>	<b>Dinner<sup>2</sup></b>	<b>Incidental Expenses</b>	<b>First &amp; Last Day of Travel<sup>3</sup></b>
<b>\$74.00</b>	\$17.00	\$18.00	\$34.00	\$5.00	\$55.50

Beginning on July 1st, 2022, the standard mileage rates for the use of a car round trip (also vans, pickups or panel trucks) will be: \$62.50 cents per mile driven for business use or what the current federal standard is at the time.

Our Payment terms are 5 days from date on invoice.

Our Monitors are Members of the Amah Mutsun Tribal Band of Mission San Juan Bautista.

If you have any questions, please feel free to contact the A.M.T.B. Inc. at the below contact information.
