**TERMINATION OF EXISTING LEASE
ISSUANCE OF
GENERAL LEASE - PUBLIC AGENCY USE AND
SUBLEASE APPROVAL**

LESSEE:

County of Orange
300 No. Flower Street
Orange, California 92703

AREA, LAND TYPE, AND LOCATION:

44 acres, more or less, of tide and submerged lands in Anaheim Bay, Seal Beach, Orange County.

EXISTING LEASE:

Authorized Use: Beaches, marina, bulkheads, piers, dredging and related facilities.

Lease Term: 49 years, beginning December 1, 1968.

Consideration: The public benefit, with any profit derived from the lease area accruing to the State at the end of the lease term.

Insurance: \$300,000/\$500,000 per occurrence for bodily injury and \$50,000 for property damage.

Other: Annual reports due on or before September 30th of each year detailing the utilization of the leased premises; a list of the owners and holder of subleases, permits and franchises; and a statement as to future plans.

The County is required to establish a separate trust fund for deposition of revenues. The revenues and expenses shall be

CALENDAR ITEM NO. C42 (CONT'D)

apportioned between County funds and trust funds based upon the percentage of the facility located on leased premises and the portion located on lands owned by the County.

PROPOSED LEASE:

- Authorized Use:** Boat slips, boat launch ramps, beaches, waterways, causeway and a previously authorized dredging project.
- Lease Term:** 40-years, beginning January 1, 2000.
- Consideration:** 8.5 percent of the gross income per year generated from boat berthing located on the lease premises included within Sunset Harbour Marina; which for purposes of calculating the annual rent is agreed to be three (3) percent of the total gross income per year from boat berthing within Sunset Harbour Marina; with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease.
- Insurance:** Combined single limit coverage of \$1,000,000 or an approved self-insurance program.

OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises.
2. The existing 49-year lease between the County of Orange and the Commission, entered into in 1968, allows the leased premises and revenues therefrom to be used for beaches, marine parks, marinas, small boat harbors, bulkheads, piers, marine transportation facilities, public utilities, earthfills, buildings, structures, recreational facilities, landscaping, parking lots, streets and roadways for public access. The lease was amended in 1979 to accommodate dredging activities within a specific area.
3. The existing lease also authorized the County to enter into sublease(s) for uses consistent with those previously cited. In 1994, the County entered into a sublease with Goldrich and Kest (G & K) for operation and maintenance of Sunset Harbour Marina, including those tide and submerged lands contained in the existing lease. The County extended

CALENDAR ITEM NO. C42 (CONT'D)

the term of the sublease for an additional year. A provision of the sublease allows G & K to exercise the option to extend the term of the sublease for a period of 35-years. However, G & K's ability to exercise that option is conditioned, among other things, upon an amendment of the existing State lease or issuance of a new lease between the Commission and the County that coincides with the term of the sublease, and the completion of the landside and water improvements pursuant to the Sunset Harbour Marina Improvement Plan dated December 11, 1998.

4. The existing lease is for the maximum 49-year term and, therefore, cannot be extended beyond its current expiration date of November 30, 2017. The County is requesting, and Commission staff is recommending, that the existing lease be terminated effective December 31, 1999 and a new 40-year lease be issued effective January 1, 2000. Staff is also recommending that the Commission approve the sublease between the County and G & K entitled "Amended and Restated Lease and Option" dated December 20, 1994.
5. The new lease will conform to the Commission's current standards and leasing practices. The existing lease contains language similar to language used in legislative trust grants concerning the uses of the leased lands and the reporting and expenditure of trust revenues. Staff is proposing that the new lease not include this language.
6. In 1997, the Commission authorized an amendment of the existing lease to accommodate a dredging project involving the removal of 107,000 cubic yards of sediment from the entrance channel, main channel, access channel, Sunset Marina, Bolsa Channel and Portofino Cove. That dredging project has not taken place due to the lack of bids received. Staff is recommending that the new lease incorporate this previously approved dredging project as an authorized use.
7. The County is proposing an improvement plan (Sunset Harbour Marina Improvement Plan dated December 11, 1998) for the Marina that will include removal and replacement of all existing docks and the reconfiguration of the dock adjacent to the Bolsa Chica Channel to accommodate larger boats. The basic footprint of the Marina will remain the same. The slip configuration for the 76 slips in the Main Channel area will not change. In the Bolsa Chica Channel, the existing slip area will increase from 28.5 feet to 31.7 feet, while the number of slips will

CALENDAR ITEM NO. C42 (CONT'D)

decrease from 176 to 161. This reconfiguration results in a loss in the number of slips but an increase in total rentable slip length. Additional work is proposed for the County's fee-owned portion of the Marina, including improvements to the existing parking areas and rehabilitation of restrooms.

8. A Mitigated Negative Declaration was prepared and adopted for this project by the County of Orange. The Commission's staff has reviewed such document. A Mitigation Monitoring Program was adopted by the County of Orange.
9. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

THAT THE COMMISSION HAS REVIEWED AND CONSIDERED THE INFORMATION CONTAINED THEREIN.

ADOPT THE MITIGATION MONITORING PROGRAM, AS CONTAINED IN EXHIBIT C, ATTACHED HERETO.

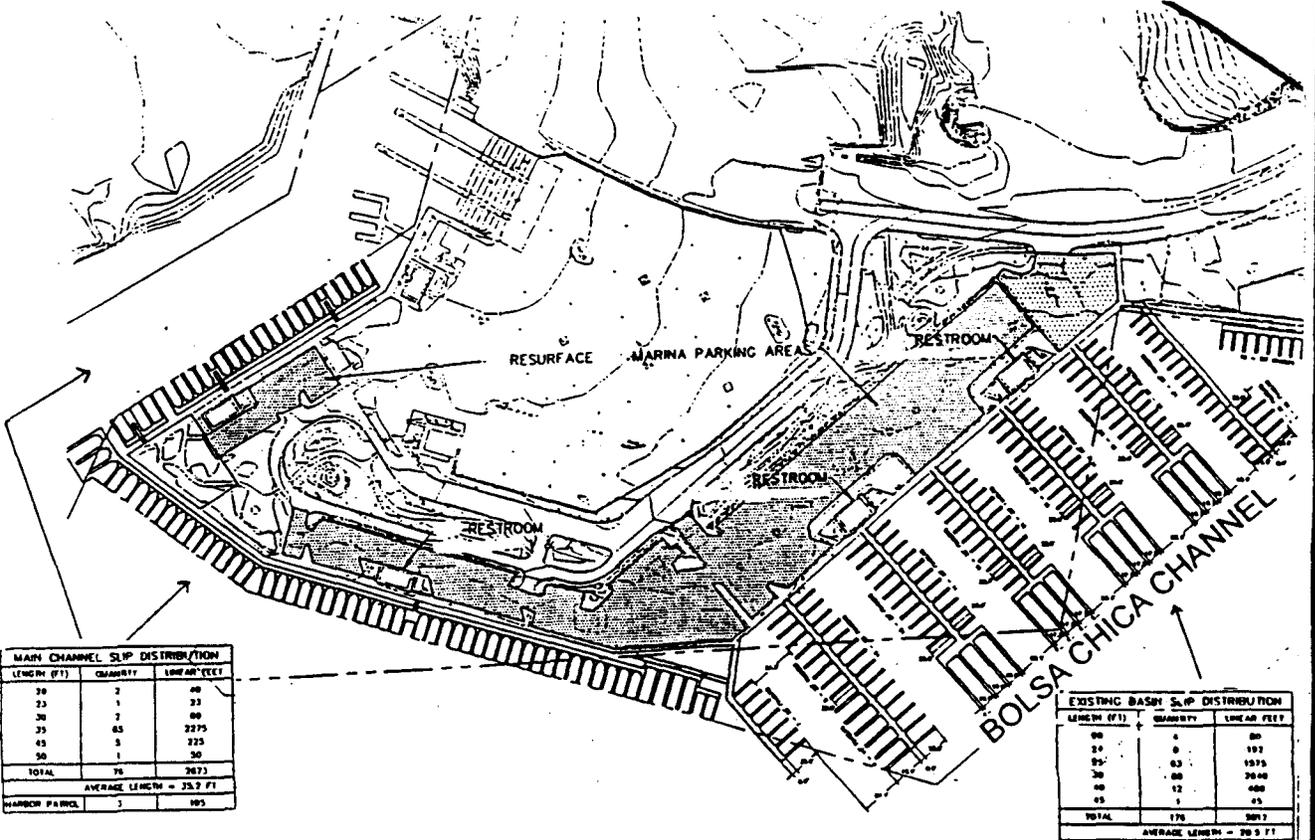

SIGNIFICANT LANDS INVENTORY FINDING:

FIND THAT THIS ACTIVITY IS CONSISTENT WITH THE USE CLASSIFICATION DESIGNATED BY THE COMMISSION FOR THE LAND PURSUANT TO PUBLIC RESOURCES CODE SECTIONS 6370, ET SEQ.

AUTHORIZATION:

AUTHORIZE (1) TERMINATION OF EXISTING LEASE NO. PRC 4076.9 EFFECTIVE DECEMBER 31, 1999; (2) ISSUANCE TO THE COUNTY OF ORANGE OF A GENERAL LEASE - PUBLIC AGENCY USE, BEGINNING JANUARY 1, 2000, FOR A TERM OF FORTY YEARS, FOR BOAT SLIPS, BOAT LAUNCH RAMPS, BEACHES, WATERWAYS, CAUSEWAY, AND A PREVIOUSLY AUTHORIZED DREDGING PROJECT; CONSIDERATION BEING 8.5 PERCENT OF THE GROSS INCOME PER YEAR GENERATED FROM BOAT BERTHING LOCATED ON THE LEASE PREMISES INCLUDED WITHIN SUNSET HARBOUR MARINA; WHICH FOR PURPOSES OF CALCULATING THE ANNUAL RENT AMOUNT IS AGREED TO BE THREE PERCENT OF THE TOTAL GROSS INCOME FROM BOAT BERTHING WITHIN SUNSET HARBOUR MARINA; WITH THE STATE RESERVING THE RIGHT TO FIX A DIFFERENT RENT PERIODICALLY DURING THE LEASE TERM, AS PROVIDED IN THE LEASE; AND (3) APPROVE THE SUBLEASE BETWEEN THE COUNTY OF ORANGE AND GOLDRICH AND KEST, ON THE LAND DESCRIBED ON EXHIBIT B ATTACHED AND BY THIS REFERENCE MADE A PART HEREOF; LIABILITY INSURANCE FOR COMBINED SINGLE LIMIT COVERAGE OF \$1,000,000 OR AN APPROVED SELF-INSURANCE PROGRAM.

This Exhibit is solely for purposes of generally defining the lease premises and is not intended to be, nor shall it be construed as a waiver or limitation of any State interest in the subject or any other property.
