The State of California had its fee ownership of the sovereign land located in the Colorado River at this location confirmed in 1991 as a result of a Boundary Line Agreement and Compromise Settlement entered into between the Commission and Kahala Needles Partners, Ltd., a Nevada Limited Partnership, recorded as AD 134 dated January 1, 1991, and recorded on August 11, 1992, document No. 92-333250, Official Records, San Bernardino County, California. By letter dated April 23, 2002, Reclamation acknowledged their capacity to apply additional riprap to the bankline location in the future was compromised due to the pending development of the upland residences and subsequently declared that Reclamation would not provide additional riprap to the bankline location in the future. Consequently, Reclamation decreed that the upland homeowner (Applicants) would be responsible for maintaining protection of their own banklines in the future, subject to the homeowners seeking approval and permitting of their riprap or bankline construction work from
