BACKGROUND:

Legislative jurisdiction is the authority to make and enforce laws within a geographic area. As a general rule, the State of California has full legislative jurisdiction over all lands within the state, except where the legislature has consented to or ceded federal jurisdiction. The United States has its limited federal powers to make and enforce federal law throughout California. The United States also has powers which apply solely within areas of exclusive or concurrent federal legislative jurisdiction, sometimes called "federal enclaves."

Pursuant to Government Code section 126, the Commission is authorized, on behalf of the State of California, to cede concurrent criminal legislative jurisdiction to the

United States over federally owned or leased property. When the state cedes concurrent criminal legislative jurisdiction, the federal government can enforce its federal enclave criminal authority over the property, including many state criminal laws imported into federal law by the Assimilative Crimes Act (18 U.S.C. § 13).

The Commission may cede concurrent criminal legislative jurisdiction only when:

- A. The United States has requested such cession in writing.
- B. The federal lands are held by the United States for the erection of forts, magazines, arsenals, dockyards, and other needful buildings within the purview of clause 17 of Section 8 of Article 1 of the United States Constitution, or for any other federal purposes. For this finding, "held by the United States" means the lands are owned or leased by the United States for a public purpose.
- C. The cession is made pursuant to and in compliance with the laws of the United States.
- D. A notice of the proposed cession has been given to the clerk for the board of supervisors of the county in which the federal lands are located at least 15 days before the proposed cession.
- E. The proposed cession is in the best interests of the State of California.
- F. The United States has agreed to bear all costs and expenses incurred by the Commission in making the cession.

A cession of jurisdiction vests when the Commission has received notice of the United States' acceptance of the cession and when certified copies of the Commission's orders or resolutions making the above findings have been recorded in the office of the county recorder of each county in which any part of the land is situated. The cession will continue for 10 years or for so long as the lands are held by the United States and used for the purposes for which jurisdiction is ceded, whichever period is less.

In ceding concurrent criminal jurisdiction, the State reserves its full civil legislative jurisdiction including its jurisdiction over the land, water, and use of water, with full power to control and regulate the acquisition, use, control, and distribution of water with respect to the land affected by the cession. The State also retains its criminal legislative jurisdiction over the property, which can be exercised concurrently with federal criminal legislative jurisdiction.

This cession of jurisdiction affects federally owned or leased lands only. The proposed cession would have no effect on private land, including private inholdings within park units.

PROPOSED ACTION:

The National Park Service has requested that the State of California cede concurrent criminal legislative jurisdiction over lands under its jurisdiction within or associated with certain national park units, including Channel Islands National Park, Death Valley National Park, Devils Postpile National Monument, Golden Gate National Recreation Area, Joshua Tree National Park, Kings Canyon National Park, Lava Beds National Monument, Lassen Volcanic National Park, Mojave National Preserve, Muir Woods National Monument, Pinnacles National Park, Point Reyes National Seashore, Redwood National Park, San Francisco Maritime National Historical Park, Santa Monica Mountains National Recreation Area, Sequoia National Park, Tule Lake National Monument, Whiskeytown National Recreation Area, and the El Portal administrative site of Yosemite National Park, as more particularly described in Exhibits A-S.

STAFF ANALYSIS AND RECOMMENDATION:

AUTHORITY:

Government Code Section 126.

STATE'S BEST INTERESTS:

The United States presently exercises some degree of legislative jurisdiction over many park units because of prior state actions. The State ceded exclusive or partial jurisdiction within portions of Yosemite National Park, Sequoia National Park, Kings Canyon National Park, and Lassen Volcanic National Park by various historical statutes. (See [Government Code section 111](#).) The State has also ceded permanent exclusive or partial jurisdiction at some former military facilities that are now managed by the National Park Service. An example is the San Francisco Presidio, which is now part of Golden Gate National Recreation Area. This proposed cession will not affect these locations.

In 2015, the State ceded concurrent criminal jurisdiction over lands within Redwood National Park, Whiskeytown National Recreation Area, Lava Beds National

Monument, Pinnacles National Park, Devils Postpile National Monument, Point Reyes National Seashore, Muir Woods National Monument, and portions of Golden Gate National Recreation Area ([Item 75, August 19, 2015](#)). In 2017, the State ceded concurrent criminal jurisdiction over various parcels within Kings Canyon and Sequoia National Parks ([Item 71, June 22, 2017](#)). In 2021, the State ceded concurrent criminal jurisdiction over the El Portal Administrative Site for Yosemite National Park ([Item 39, February 23, 2021](#)). The National Park Service has requested to renew these cessions, including those that would not expire for several more years. Doing so will create a standard renewal schedule for these park units and reduce future administrative overhead.

The United States presently has proprietary interest only (i.e., no legislative jurisdiction) within Tule Lake National Monument, Joshua Tree National Park, Death Valley National Park, Santa Monica Mountains National Recreation Area, Mojave National Preserve, Channel Islands National Park, San Francisco Maritime National Historical Park, portions of Lassen Volcanic National Park, and some properties associated with but lying outside the boundaries of other park units. Even when the United States has only proprietary interest, it has the power to control its property, enforce generally applicable federal law, and pursue federal interests.

The United States seeks concurrent jurisdiction because it allows the United States to conduct federal investigations and prosecutions of certain criminal offenses on federal property, including many state criminal laws imported into federal law by the Assimilative Crimes Act. This concurrent, or shared, authority provides greater flexibility in enforcing criminal law. State or local law enforcement officials may struggle to access large or remote federal properties, such as military bases or national parks. Federal law enforcement officials may be better able to respond to incidents, ensuring timelier responses and reducing demands on state and local officials.

The National Park Service has requested a cession of concurrent criminal legislative jurisdiction at these park units because the Park Service recognizes a benefit to both state and federal law enforcement. In its request letter, the National Park Service stated “cessions have proven very beneficial to both State and local law enforcement authorities and the NPS for the many years that the cessions have been in place. Specifically, it enables the agencies to work collaboratively, enhances the ability to provide effective law enforcement, and ensures the safety of visitors and residents.” The National Park Service provided letters of support for the cession from the county sheriff for each of the many counties that would be affected.

The National Park Service has submitted a formal written request and evidence that its request accords with federal law. The Park Service owns or leases all of the lands that will be affected and uses them for national park purposes. (Some park units contain private inholdings, but this action would not affect jurisdiction over private land.) The Park Service has entered into an agreement to reimburse the State for its costs and expenses.

CONCLUSION:

Commission staff believes that the proposed cession of concurrent criminal jurisdiction is in the best interests of the State and that sufficient evidence exists for the Commission to make each of the findings required by Government Code section 126.

OTHER PERTINENT INFORMATION:

1. Approval or denial of the cession is a discretionary action by the Commission. Each time the Commission approves or rejects a cession, it exercises legislatively delegated authority. If the Commission denies the requested cession, all legislative jurisdiction will remain with the State. If the Commission approves the requested cession, the United States and the State will share concurrent criminal legislative jurisdiction. This action gives no right to a new or renewed cession upon expiration.
2. This action is consistent with the "Committing to Collaborative Leadership" Strategic Focus Area of the Commission's 2021–2025 Strategic Plan.
3. Commission staff provided notice of the proposed cession to the Clerk for the Board of Supervisors for Del Norte, Humboldt, Inyo, Los Angeles, Madera, Marin, Mariposa, Modoc, Monterey, Riverside, San Benito, San Bernardino, San Francisco, San Mateo, Santa Barbara, Shasta, Siskiyou, Tehama, Tulare, and Ventura counties on July 31, 2025.
4. The National Park Service has requested a cession of concurrent criminal jurisdiction over all lands under the jurisdiction of the Park Service within or associated with each of the listed park units, other than federally owned lands in which the United States already exercises permanent exclusive or partial legislative jurisdiction. Tracts associated with but outside the legal boundaries of park units are listed individually in the Land Description on the exhibits. The attached exhibits are intended as an aid and illustration for staff and the public

and not as a limitation on the scope of the cession. Because of the large number of tracts within the park units, some entries may be inadvertently omitted or included, or given incorrect details, despite the efforts of Park Service and Commission staffs.

5. The proposed cession of concurrent criminal jurisdiction is not a project as defined by the California Environmental Quality Act because it is an administrative action that will not result in direct or indirect physical changes in the environment.

Authority: Public Resources Code section 21065 and California Code of Regulations, title 14, sections 15060, subdivision (c)(3), and 15378, subdivision (b)(5).
