Honorable Ronald Reagan
Governor of California
Sacramento, California

Dear Governor Reagan:

There is inclosed a copy of easement granted by the United States to the State of California for a right-of-way for California State Highway No. 1 over a strip of land comprising approximately 13.15 acres lying within and adjacent to the boundary of the Branch U.S. Disciplinary Barracks at Lompoc, California. Records of this Department indicate that the easement area was formerly a portion of Camp Cooke over which the Secretary of War accepted the exclusive jurisdiction ceded by the State, in a letter to the Governor dated 8 January 1943. The Government desires to relinquish its jurisdiction over this road easement area in order to permit the State to exercise unquestioned law enforcement thereover.

Accordingly, notice is hereby given, pursuant to Public Law 87-852 approved 23 October 1962 (76 Stat. 1129; 40 U.S.C. 319) and as provided in the easement grant, that the United States relinquishes to the State of California any and all jurisdiction had by it over the area of the inclosed easement, effective upon acceptance thereof or by proceeding in such manner as the laws of California may provide. I shall appreciate your advising me when this relinquishment of jurisdiction has been duly accepted, and also acknowledging receipt of this notice on the duplicate copy hereof and returning it to this office.

Sincerely,

(Signed)

Stanley R. Resor

No. _____

Public Law 87-852 approved 23 October 1962 (76 Stat. 1129)

THE SECRETARY OF THE ARMY, under and by virtue of the authority vested in him by Title 10, United States Code, Section 2668 hereby grants to the STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS

hereinafter designated as the grantee, an easement for a right-of-way for a road or street over, across, in, and upon lands of the United States described as follows:

A parcel of land, situate in the County of Santa Barbara, State of California, being those portions of Farm Lots 17 and 18 of the Subdivision of the Ranchos Lompoc and Mission Vieja, as shown on map recorded in Book 1, page 43 of Maps, in the office of the Recorder of said County, and of Lot 19 of the Partition of the Rancho La Purisima as shown on map thereof filed with the Report of the Referees in Action No. 642 in the Superior Court of the State of California, in and for the County of Santa Barbara, entitled "John H. Wise, et al., Plaintiffs, vs. Ramona Malo de Jones, et al., Defendants," containing 13.15 acres, more or less, and more particularly described in legal description dated 26 July 1966, File: 350-K-10, marked

as shown in red on Exhibit B attached hereto and made a part hereof.

THIS EASEMENT is granted subject to the following provisions and conditions:

1. The construction, use, and maintenance of said road or street, including culverts and other drainage facilities, shall be performed without cost or expense to the United States, under the general supervision and subject to the approval of the officer having immediate jurisdiction over said premises.
2. The grantee shall at all times maintain said road or street in good condition and shall promptly make all repairs thereto needed to preserve a smooth-surface highway.
3. Any property of the United States damaged or destroyed by the grantee incident to the use and occupation of the said premises shall be promptly repaired or replaced by the grantee to the satisfaction of the said officer, or in lieu of such repair or replacement the grantee shall, if so required by said officer, pay to the United States money in an amount sufficient to compensate for the loss sustained by the United States by reason of damages to or destruction of Government property.
4. The use and occupation of said lands of the United States for the purposes authorized by this instrument shall be subject to such rules and regulations as the said officer may prescribe from time to time in order to properly protect the interests of the United States.
5. The United States shall in no case be liable for any damages or injuries to the said road or street which may be caused by or result from any operations undertaken by the Government, and no claim or right to compensation shall accrue from such damages or injuries.

12. That the grantee shall, without cost or expense to the United States, drill a water well on property of the United States that will produce a quantity of water equal to, or greater than, that produced by an existing water well now used in connection with farming operations of the United States Government's rehabilitation prison program. The quantity of water produced by the old well and the new well shall be ascertained by the standard orifices test or other acceptable flow meters and the United States shall be supplied with full copies of the results of said tests.

13. That the grantee shall relocate the following listed improvements to the new well location and connect the United States Government's existing pipelines comprising of 8-inch transite, 6-inch steel line, 2-inch galvanized line, and 1½-inch galvanized line to the facilities which they now serve. Said items to be relocated and/or replaced in kind include pumps and motors at the serving well, electrical meters and service, valves, pump house, water storage tank, and tower base.

14. That at no expense to the United States and at the time of construction, the grantee shall construct a road approach left of Engineer's Station 90+75, Department of Public Works Survey between Pine Street in Lampoc to 0.7 Mile North of Santa Ynez River. It is understood that upon completion of the construction of the road approach above mentioned, said road approach shall be considered as an encroachment under permit upon the State highway and is to be maintained, repaired, and operated as such by the United States in accordance with and subject to the laws of the State of California and rules and regulations of the Division of Highways, Department of Public Works of said State.

15. That the grantee shall relocate the two (2) 10-foot gates and appurtenances from approximately 120 feet left of Engineer's Station 96+70 to approximately 115 feet left of Engineer's Station 96+70.

16. That the grantee shall construct a wire mesh and barbed wire fence on metal posts along the right-of-way line between left of Engineer's Station 80+52.96 and the road approach left of Engineer's Station 90+75; thence continuing said fence along the westerly side of the private road to be constructed by State (PR-2) to left of Engineer's Station 96+80 where it will connect with the relocated gates described above. Said fence shall be 50 inches high and shall be comprised of 39-inch wire mesh with three strands of barbed wire on top. The top and bottom wires of the wire mesh shall be 9 gauge and the intermediate wires and vertical stays shall be 11 gauge.

17. That the grantee shall construct the State's standard 5-strand barbed wire fencing along the new right-of-way line from left of Engineer's

Station 91⁺, "D" to left of Engineer's Station 35+50 "L-L" where it will connect onto the existing fence.

18. That the grantee shall install two (2) new 12-foot gates in the right-of-way line across the road approach left of Engineer's Station 90+75.

19. That the grantee shall construct a private road consisting of two (2) 12-foot lanes with 3-foot shoulders from the road approach left of Engineer's Station 90+75 to left of Engineer's Station 97- where it will conform to the existing road now owned by the United States.

20. That the State's highway contractor shall contact the following listed parties by telephone at least 14 days prior to the commencement of any construction on the subject property:

a. Associate Warden - Business (Mr. McGinnis)

20. Federal Correctional Institution
Lompoc, California
Telephone: RE 6-7574

b. Farm Manager - (Mr. J. Eddy)

Federal Correctional Institution
Lompoc, California
Telephone: RE 6-7574

21. That the grantee shall accept all responsibility for soil erosion, flooding, and other damage that may result from the construction due to the widening of State Highway No. 1.

22. That all work shall conform to all applicable building, fire, and sanitary laws, ordinances, and regulations relating to such work, and shall be done in a good and workmanlike manner.

23. That all structures, improvements or other facilities, when removed and relocated, or reconstructed by the grantee, shall be left in as good condition as found.

24. That upon completion and acceptance of the work described above, said relocating, construction, and/or reconnecting, the private road, road approach, well and appurtenances, pipelines, fencing, and gates located upon land owned by the United States shall be considered as the sole property of the United States.
