Mr. Martin R. Hoffman  
Secretary of the Army  
Department of the Army  
Washington, D. C. 20310

Dear Mr. Hoffman:

Thank you for your letter requesting that the State of California accept relinquishment of legislative jurisdiction of two parcels of land located at Fort Ord, Monterey County, California and used as right of way and appurtenant facilities on State Route 1.

The State of California has accepted conveyance of the property for highway purposes and in accordance with our Streets and Highways Code, I, Edmund G. Brown Jr., Governor of the State of California, by virtue of the power vested in me by Section 77.5 of the Streets and Highways Code, hereby accept relinquishment of legislative jurisdiction by the United States to the State of California over the area described in the enclosed document.

Sincerely,

  
EDMUND G. BROWN JR.  
Governor

NO FEE

THIS EASEMENT is granted subject to the following provisions and conditions:

1. The construction, use, and maintenance of said road or street, including culverts and other drainage facilities, shall be performed without cost or expense to the United States, under the general supervision and subject to the approval of the officer having immediate jurisdiction over said premises.

REEL 1058 PAGE 655

2. The grantee shall at all times maintain said road or street in good condition and shall promptly make all repairs thereto needed to preserve a smooth-surface highway.

3. Any property of the United States damaged or destroyed by the grantee incident to the use and occupation of the said premises shall be promptly repaired or replaced by the grantee to the satisfaction of the said officer, or in lieu of such repair or replacement the grantee shall, if so required by said officer, pay to the United States money in an amount sufficient to compensate for the loss sustained by the United States by reason of damages to or destruction of Government property.

4. The use and occupation of said lands of the United States for the purposes authorized by this instrument shall be subject to such rules and regulations as the said officer may prescribe from time to time in order to properly protect the interests of the United States.

5. The United States shall in no case be liable for any damages or injuries to the said road or street which may be caused by or result from any operations undertaken by the Government, and no claim or right to compensation shall accrue from such damages or injuries.

G 20699

6. The United States reserves ~~the right to make such connections between the road or street herein authorized and roads and streets on said lands as the Chief of Engineers may from time to time consider necessary, and also reserves to itself rights-of-way for all purposes across, over, and/or under the right-of-way hereby granted; provided, however, that such rights shall be used in a manner that will not create unnecessary interference with the use and enjoyment by the grantee of said right-of-way for highway purposes.~~

7. It is to be understood that this instrument is effective only insofar as the rights of the United States in the property over which the said road or street is to be extended are concerned, and that the grantee shall obtain such permission as may be necessary on account of any other existing rights.

8. All or any part of such right-of-way herein granted may be terminated by the Secretary of the Army for failure to comply with any or all of the terms or conditions of this grant, or for non-use for a two-year period or abandonment of rights granted herein.

Termination shall be by written notice given to the grantee, or its successors or assigns. The termination shall be effective as of the date of such notice.

9. It is understood that the provisions of Conditions Nos. 1 and 5, supra, shall not abrogate or interfere with any agreements or commitments made or entered into between the grantee and any other agency of the United States with regard to financial aid to the grantee in connection with the construction, maintenance, or repair of the road or street described herein.

10. The United States shall not be responsible for damages to property or injuries to persons which may arise from or be incident to the use and occupation of the said premises, nor for damages to the property of the grantee, or for injuries to the person of the grantee (if an individual), nor for damages to the property or injuries to the person of the grantee's officers, agents, servants, or employees, or others who may be on said premises at their invitation or the invitation of any one of them, arising from or incident to governmental activities, and the grantee shall hold the United States harmless from any and all such claims.

11. The United States shall not be responsible for damages to property or injuries to persons which may arise from or be incident to the construction, maintenance, and use of said road or street.

12. In connection with this grant of easement and as authorized by the Act of Congress, approved 23 October 1962 (40 U.S.C. 319), the Secretary of the Army, by separate instrument, is relinquishing such jurisdiction as he deems desirable over the easement area, to take effect upon acceptance thereof by the State of California, in such manner as its laws may provide.

The granting clause and Conditions Nos. 1, 5, 6, and 8 were altered and Conditions Nos. 12, 13, 14, 15, and 16 were added prior to the execution of this instrument.

13. In consideration of the rights herein granted, the grantee shall convey to the United States any interests the grantee has in abandoned portions of roads, highways, and other rights-of-ways within the Fort Ord Military Reservation to eliminate, where appropriate, islands of nongovernment ownership and to facilitate acquisition of legislative jurisdiction by the United States, if appropriate.
14. Upon request, the grantee shall install readily identifiable markers on all access roads from and to Highway No. 1 into and from Fort Ord to show the road right-of-way boundary and hence define the respective areas of State and Federal legislative jurisdiction when and where appropriate.
15. This conveyance is made for the purposes of a freeway and the United States hereby releases and relinquishes to the grantee any and all abutter's rights of access appurtenant to the Government's remaining property, in and to said freeway, provided, however, that the remaining property lying easterly of said freeway shall have access to said freeway by means of various internal military roads which are connected to said freeway at such points as have been established by public authority over and across Courses 64, 65, 101 and 128, described in the said Exhibit "A"; further, the remaining property lying on both sides of said freeway shall be connected together by passage underneath said freeway at Engineer's Station 498+00 (First Street Undercrossing) and by passage above said freeway at Engineer's Station 530+88 (Eighth Street Overcrossing) with no right of access to the surface of the traveled way on said freeway.
16. That the grantee's ingress to and egress from the water well site shall be via the main installation entrance, over Fort Ord roads leading to the right-of-way boundary fence gate at the well site or as otherwise designated by the said officer, and that the grantee shall, at no cost to the Government, provide and maintain an all weather, hard surface on the present dirt road constructed for the grantee's use leading from Noncom Road to the well site, to control erosion and dust; that the hard surface shall be maintained by the use of crushed rock and imported base as may be required by the said officer.
