CESSION OF CONCURRENT CRIMINAL JURISDICTION

On May 27, 1975, the State Lands Commission authorized a public hearing to determine whether or not it was in the interest of the State to cede concurrent jurisdiction to the United States Department of Interior, National Park Service. A public hearing was held pursuant to Section 126, of the California Government Code. The evidence presented at that hearing resulted in further negotiations. These negotiations have produced the following: Section 126, of the California Government Code has been amended by Chapter 686, Statutes 1976, to allow the State Lands Commission to cede only concurrent criminal jurisdiction to the National Park Service and the cession is limited to a maximum period of 5 years; also, the National Park Service executed with the Sheriffs of each of the counties containing the areas where concurrent criminal jurisdiction will be ceded, an agreement outlining the specific authority of each law enforcement agency involved. These agreements are on file in the office of the State Lands Division.

All requirements of Section 126, as amended, have been met by the parties involved. All the conditions and reservations prescribed in subdivisions (a), (b), (c), and (g) of Section 126, as amended, have occurred and exist. Such cession would be in the interest of the State. All other reservations prescribed by Section 126, as amended, including but not limited to the reservations set forth in subdivisions (e) and (h), are hereby reserved to the State without exception. Jurisdiction ceded pursuant to Section 126 as amended, continues so long as the land continues to belong to the United States and is held by it for the purpose for which jurisdiction is ceded in accordance and in compliance with each and all of the limitations, conditions, and reservations prescribed in said Section 126, as amended, or for 5 years, whichever period is less.
