Fort Hunter Liggett Military Reservation pursuant to Government Code Section 126. Currently the United States has only proprietary jurisdiction over the Reservation.

On July 15, 1991 the State Lands Commission authorized a public hearing for the purpose of determining whether it is in the best interest of the State to make the requested cession. Notice of the hearing was published in the Salinas Californian and served upon the Clerk of the Board of Supervisors for Monterey County. Affidavits of the publication and service are found in the Commission's files.

The Hearing was held on August 27, 1991 in the Commission's offices in Sacramento, California. There were no personal appearances by any members of the public and no written comments were received. Mr. Benjamin Dudek of the Corps of Engineers represented the United States.

In its application, the United States indicated that concurrent criminal jurisdiction is desirable to preserve security, good order and discipline on the Reservation. Further, State and local law enforcement agencies lack sufficient resources to patrol the Reservation and prevent incidents from occurring. The United States is specifically concerned with poaching of game and the growing of marijuana on the Reservation.

The Commission staff believes that the cession of concurrent criminal jurisdiction is in the best interest of the State of California in connection with the exercise of criminal jurisdiction over the facility.
