RESOLUTION OF
RETCROCESSION OF JURISDICTION
California Government Code Section 113

WHEREAS the United States acting by and through the Department of the Air Force has requested that the State of California accept a retrocession of legislative jurisdiction from the United States over lands comprising McClellan Air Force Base; and

WHEREAS the California State Lands Commission, pursuant to California Government Code Section 113, has been authorized by the California State Legislature to accept such a retrocession of jurisdiction; and

WHEREAS the United States, acting by and through the Department of Air Force and pursuant to Title 10, Section 2683 of the United States Code, by letter dated January 14, 1999 is authorized to make such a retrocession of legislative jurisdiction; and

WHEREAS the Executive Officer of the State Lands Commission has been authorized to execute this instrument;

NOW, THEREFORE, I, Paul D. Thayer, Executive Officer of the California State Lands Commission hereby certify that the Commissioners for the California State Lands Commission met on June 27, 2000 and accepted a retrocession effective October 1, 2000 of legislative jurisdiction from the United States over those lands comprising McClellan Air Force Base, Sacramento, described in Exhibit A hereto. A copy of the Commission's Agenda Item No. C84 describing the terms and conditions of the cession is attached hereto as Exhibit B.

RETROCESSION OF EXCLUSIVE
AND PARTIAL LEGISLATIVE JURISDICTION
PURSUANT TO CALIFORNIA GOVERNMENT CODE SECTION 113
AT MCCLELLAN AIR FORCE BASE, SACRAMENTO COUNTY

Pursuant to Government Code Section 113 the State Lands Commission is authorized on behalf of the State of California to accept a retrocession of legislative jurisdiction from the United States and thereby establish state legislative jurisdiction.

BACKGROUND:
The United States exercises exclusive and partial legislative jurisdiction over 1864 acres of the 3000 acres more or less of land that comprise McClellan Air Force Base, Sacramento County. The remainder of the facility is under proprietary jurisdiction. The Department of the Air Force has requested that California accept a retrocession of all exclusive and partial legislative jurisdiction over 1864 acres so as to establish uniform proprietary legislative jurisdiction over the entire base.

California Government Code Section 113 and the California Code of Regulations Sections 2700 et seq. authorize the State Lands Commission to accept such a retrocession if the following conditions are met:

1. The United States has requested in writing that the State accept a retrocession of jurisdiction;

2. The State Lands Commission has held a public hearing to determine whether it is in the State's best interests to accept the retrocession; and

3. The United States has agreed to pay for the costs associated with the retrocession process.

By letter dated January 14, 1999, the United States has made the written request for the retrocession. It also has agreed to bear the costs associated with the retrocession. The noticed hearing was held on March 8, 1999. At the hearing the County of Sacramento
requested that the retrocession not be accepted by the Commission until October 1, 1999. The American River Fire District also appeared and testified that it did not have sufficient funds or manpower for the additional duties. The Air Force offered no testimony. No other comments in support of or opposition to the retrocession were received. Since the hearing, the Air Force and the County and Fire District have met and concurred on the date of October 1, 2000 as a mutually acceptable date for the effectiveness of the transfer of jurisdiction to the State. The Sacramento County Board of Supervisors concurs.

PERCENT STREAMLINING ACT DEADLINE: N/A

OTHER PERTINENT INFORMATION:
1. McClellan AFB has been identified for closure by the United States effective July 13, 2001. Pending closure, restoration and conveyance, Sacramento County and the United States have entered into a 50-year lease for use of the Base as a technology center with a private airfield. The proposed use is based on Sacramento County’s General Reuse Plan and was the preferred alternative in the PEIS/EIR mentioned below.

2. In 1997, pursuant to the National Environmental Protection Act and the California Environmental Quality Act, the United States and Sacramento County conducted an environmental analysis of the Base prior to entering into the lease. The draft PEIS/EIR was circulated and the final draft issued in 1997. The time for challenge of the document has passed.

3. Among the many issues evaluated in the environmental document, hazardous waste and pesticide impacts were found to be less than significant. The analysis found that there were no impacts due to ordnance, radon, and radiological substances. However, the document states that there are some biologically sensitive areas, such as wetlands, that can be impacted by future development. Mitigation measures addressing these areas are found in the PEIS/EIR.

4. Separately, under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 as amended and other federal law, the United States has identified hazardous substances such as lead based paint, asbestos and deep ground water contamination. The United States is working with federal and state agencies to restore the contaminated sites. Some parcels may have use restrictions placed on them if it is not feasible to restore them to highest use such as residential. It is estimated that some of the parcels will not be restored until 2037.
5. Because of the contamination the United States cannot convey any of the Base property to Sacramento County until it has been restored. Thus Sacramento County will take title to the property in a piecemeal fashion after each parcel has been cleaned up. Any contamination discovered after conveyance will also be removed by the United States. It is anticipated that the last parcel will be conveyed in 2037.

6. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Code Regs. 15061), the staff has determined that this activity is exempt from the requirements of the CEQA because this activity is not a "project" as defined by the State CEQA Guidelines.

**AUTHORITY:**

Public Resources Code Section 21065 and 14 California Code of Regulations Section 15378.

Exhibits A: Land Description

**IT IS RECOMMENDED THAT THE COMMISSION:**

3. FIND THAT THE UNITED STATES HAS AGREED TO PAY FOR THE COSTS OF THE RETROCESSION PROCESS.

4. FIND THAT THE STATUTORY PUBLIC HEARING HELD ON MARCH 8, 1999 COMPLIES WITH THE PUBLIC HEARING REQUIREMENT OF GOVERNMENT CODE SECTION 113.

5. DETERMINE THAT IT IS IN THE BEST INTERESTS OF THE STATE OF CALIFORNIA TO ACCEPT THE RETROCESSION OF JURISDICTION REQUESTED BY THE UNITED STATES BECAUSE THE RETROCESSION WILL ALLOW STATE AND LOCAL LAW ENFORCEMENT TO PROVIDE PROTECTION OF THE PROPERTY AND WILL ALSO PROMOTE REDEVELOPMENT OF THE PROPERTY FROM MILITARY TO CIVILIAN USES.

7. AUTHORIZE THE EXECUTIVE OFFICER TO EXECUTE A DOCUMENT ENTITLED "RETROCESSION OF JURISDICTION" DESCRIBING THE COMMISSION'S ACTION.
