(CALIFORNIA GOVERNMENT CODE SECTIONS 113 and 126)

Pursuant to Government Code Section 113 the State Lands Commission is authorized on behalf of the State of California to accept a retrocession of legislative jurisdiction from the United States and to establish concurrent jurisdiction over the retroceded lands.

The United States Department of the Interior, National Park Service has requested a retrocession of exclusive legislative jurisdiction over lands within the Golden Gate National Recreation Area in Marin County and the establishment of concurrent legislative jurisdiction over the same.

Pursuant to Government Code Section 126 the State Lands Commission is authorized on behalf of the State of California to cede concurrent criminal legislative jurisdiction to the United States. Jurisdiction ceded continues only so long as the land continues to belong to the United States and is held by it for the purpose for which jurisdiction is ceded in accordance and in compliance with each and all of the limitations, conditions, and reservations prescribed in Section 126 or for five years, whichever period is less.

The United States Department of the Interior, National Park Service has requested a cession of concurrent criminal legislative jurisdiction over lands within the Golden Gate National Recreation Area and Muir Woods National Monument in Marin County.

At its publicly held meeting on June 1, 2009, the State Lands Commission considered a these requests of the United States Department of the Interior, National Park Service. After determining that the requirements of Government Code Section 113 and 126 had been met, the State Lands Commission and accepted the retrocession of exclusive legislative jurisdiction and established concurrent jurisdiction as requested. The State Lands Commission also made the requested cession of concurrent criminal legislative jurisdiction. Consideration of Transfer of Legislative Jurisdiction
Pursuant To California Government Code Sections 113 and 126
Over Lands Within the Golden Gate National Recreation Area and Muir Woods National Monument, Marin and San Francisco Counties

APPLICANT:

U. S. National Park Service
1111 Jackson St., Suite 700
Oakland, CA 94607

BACKGROUND:

The United States has asked the State Lands Commission to cede concurrent criminal legislative jurisdiction over certain lands now under proprietorial legislative jurisdiction within the Golden Gate National Recreation Area (GGNRA) and Muir Woods National Monument and to accept a retrocession of exclusive legislative jurisdiction over other lands within the GGNRA and establish concurrent legislative jurisdiction over them. The subject lands are located in Marin and San Francisco Counties. (See Exhibit G for types of legislative jurisdiction.) If the request is granted, the United States will have uniform concurrent criminal legislative jurisdiction over all of the lands within the GGNRA and Muir Woods and concurrent civil legislative jurisdiction over a portion of the lands within the GGNRA. This will allow the United States to conduct criminal investigations and prosecute both federal and state crimes committed on federal lands.

Pursuant to Government Code Section 126 the State Lands Commission is authorized on behalf of the State of California to cede concurrent criminal legislative jurisdiction to the United States upon finding:

a. the lands are owned or leased by the United States and are held for the erection of forts, arsenals and other needful buildings, or other public purpose within the purview of Clause 17 of Section 8 of Article 1 of the United States Constitution;

b. the cession is in compliance with the laws of the United States;

c. the United States has in writing requested such cession; and

d. the State reserves jurisdiction over the land for purposes of water acquisition and management.

e. the United States has agreed to compensate the State for costs incurred in processing the cession.

California Government Code Section 113 authorizes the State Lands Commission to accept a retrocession of exclusive legislative jurisdiction and to establish concurrent legislative jurisdiction if the following conditions are met:

1. The United States has in writing requested that the State accept a retrocession of jurisdiction;

2. The State Lands Commission has held a public hearing to determine whether it is in the State's best interests to accept the retrocession; and

3. The United States has agreed to pay for the costs associated with the retrocession process.

The United States owns thousands of acres of land within Marin and San Francisco Counties known as the Golden Gate National Recreation Area (GGNRA) and Muir Woods National Monument. These lands were acquired by purchase or condemnation. The United States presently exercises proprietorial legislative jurisdiction over all of these lands.

The United States also holds title to lands formerly dedicated to military use in Marin County – Fort Baker, Fort Barry and Fort Cronkite and to tide and submerged lands adjacent to these military lands extending from the high water mark out to three hundred yards beyond low water mark granted by the State of California pursuant to Statutes of 1897, Chapter 81. The United States exercises exclusive legislative jurisdiction over these tide and submerged lands and their adjacent former military lands pursuant to Statutes of 1859, Chapter 305.

The United States also owns tide and submerged lands pursuant to Statutes of 1897 Chapter 81 adjacent to the Presidio of San Francisco, Fort Mason and Alcatraz Island in San Francisco County and exercises exclusive legislative jurisdiction over them. (The lands and facilities above the ordinary high water mark are not a part of this action.)

Finally the United States leases tide and submerged lands from the State Lands Commission along the coastline of Marin and San Francisco Counties. The United States exercises proprietorial legislative jurisdiction over these tide and submerged lands.

In another Calendar Item being considered by the Commission at this meeting, the lease between the Commission and the United States for the tidelands mentioned

above is being terminated and a new lease issued. Among its terms will be the modification of the leased premises to include a 1320 strip of tide and submerged lands along the coast of San Francisco and Marin Counties. This Calendar Item will cede concurrent criminal jurisdiction over this strip for the lesser of five years or so long as the United States leases the lands.

By letter dated March 8, 2007 and January 13, 2009 the United States acting through the National Park Service has requested that the State of California cede concurrent criminal legislative jurisdiction over GGNRA lands in both counties and Muir Woods National Monument presently under proprietorial legislative jurisdiction. Included within this request are the tide and submerged lands leased by the State Lands Commission to the GGNRA. Such a cession would be for the lesser of five years or so long as the United States owns the property.

The United States also requests that the Commission accept a retrocession of exclusive legislative jurisdiction and establish concurrent criminal and civil legislative jurisdiction over federally owned tide and submerged lands and former military lands in Marin and San Francisco Counties.

The United States believes that concurrent criminal legislative jurisdiction is needed to allow the United States to conduct investigations and prosecutions of certain criminal offenses that may occur on its lands and that such enforcement will benefit both the United States and the State of California.

Pursuant to Government Code Sections 113 and 126 a combined noticed public hearing was held on May 5, 2009. No members of the public appeared at the hearing and no adverse comments were received.

The Commission staff believes that the cession of concurrent criminal legislative jurisdiction and the acceptance of a retrocession and subsequent establishment of concurrent legislative jurisdiction is in the best interests of the State of California in connection with the exercise of criminal jurisdiction over the GGNRA and Muir Woods National Monument.

All of the lands referenced above are depicted on a 14 sheet series of plats entitled Golden Gate National Recreation Area Jurisdiction Plats which are on file with the State Lands Commission and the National Park Service.

TYPES OF LEGISLATIVE JURISDICTION

1. Exclusive Legislative Jurisdiction: This term is applied when the Federal Government possesses, by whichever method acquired, all of the authority of the State, and in which the State has not reserved to itself the right to exercise any of the authority concurrently with the United States except the right to serve civil or criminal process in the area for activities which occurred outside the area. Lands under this type of jurisdiction are frequently referred to as federal enclaves.

2. Concurrent Legislative Jurisdiction: This term is applied in those instances wherein in granting to the United States authority which would otherwise amount to exclusive legislative jurisdiction over an area, the State concerned has reserved to itself the right to exercise concurrently with the United States all of the same authority.

3. Partial Legislative Jurisdiction: This term is applied in those instances wherein the Federal Government has been granted for exercise by it over an area in a State certain of the State's authority, but where the State concerned has reserved to itself the right to exercise, by itself or concurrently with the United States, other authority constituting more than merely the right to serve civil or criminal process in the area (e.g., the right to tax private property).

4. Proprietorial Interest Only: This term is applied to those instances wherein the Federal Government has acquired some right or title to an area within a State, but has not obtained any measure of the State's authority over the area. In applying this definition, recognition should be given to the fact that the United States, by virtue of its functions and authority under various provisions of the Constitution, has many powers and immunities not possessed by ordinary landholders with respect to areas in which it acquires an interest, and of the further fact that all its properties and functions are held or performed in a governmental rather than a proprietary capacity.

These definitions have been copied from "Jurisdiction Over Federal Areas Within the States. Report of the Interdepartmental Committee for the Study of Jurisdiction Over Federal Areas Within the States. Part II: A Text of the Law of Legislative Jurisdiction", Pages 10-11.
