NOTICE OF AVAILABILITY OF A DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT AND NOTICE OF PUBLIC MEETINGS

NOTICE IS HEREBY GIVEN that the California State Lands Commission (CSLC), as lead agency under the California Environmental Quality Act (CEQA), has completed a Draft Supplemental Environmental Impact Report (SEIR) to the San Francisco Bay and Delta Sand Mining Project (Project) EIR (certified on October 19, 2012), and that CSLC staff will hold two public meetings pursuant to CEQA and the State CEQA Guidelines for the project listed below.

Project Title: San Francisco Bay and Delta Sand Mining Project
Lead Agency: California State Lands Commission
Applicants: Martin Marietta Marine Operations, LLC; Lind Marine, Inc.; and Suisun Associates
Project Location: The Project is located in Central San Francisco Bay, Suisun Bay, and the Middle Ground Shoals.

PUBLIC REVIEW OF THE DRAFT SEIR: The 45-day public review period for this Draft SEIR begins **August 15, 2025** and ends **September 29, 2025**. Written comments must be postmarked or emailed **by Monday, September 29, 2025**. Please send your comments by mail or email to:

PROJECT SUMMARY Martin Marietta Marine Operations, LLC. (Martin Marietta) (formerly Hanson Marine Operations Inc., a Heidelberg Cement Group affiliate),

Lind Marine Inc. (Lind), and Suisun Associates (collectively, the Applicants) hold leases issued by the CSLC to harvest sand commercially (sand mining) within the San Francisco Bay-Delta estuary. The CSLC is considering granting new leases of California sovereign lands (at the existing lease parcel sites) to the Applicants for an additional 10-year period. The leases, if granted, would allow the Applicants to continue mining sand within the lease area boundaries. The Applicants propose to mine a combined volume of 1,630,000 cubic yards per year from the CSLC parcels and 120,000 cubic yards per year from private parcels in Suisun Bay. The existing leases overlay sovereign lands under the jurisdiction of the CSLC: PRC 709.1 (Presidio, Alcatraz North, and Point Knox North Shoals); PRC 2036.1 (Point Knox South); PRC 7779.1 (Point Knox Shoal); PRC 7780.1 (Alcatraz South Shoal); and PRC 7781.1 (Suisun Bay/Delta). The Applicants have applied to the CSLC to reissue these leases to authorize commercial mining of sand for 10 additional years (evaluated by the CSLC as a revision to the previously approved Project). The SEIR supplements the environmental analysis in the San Francisco Bay and Delta Sand Mining Project Environmental Impact Report (certified on October 19, 2012).

PROBABLE ENVIRONMENTAL EFFECTS The Draft SEIR evaluates potential effects of the Revised Project on the environment in the following resource areas: Air Quality, Biological Resources, Cultural and Tribal Cultural Resources, Hazards and Hazardous Materials, Hydrology and Water Quality, Land Use and Recreation, and Mineral Resources. The Draft SEIR identifies significant and unavoidable impacts on Biological Resources. The Draft SEIR also evaluates potential effects on environmental justice communities and Public Trust uses and values, among other topics, pursuant to CSLC policies and guidelines.

AVAILABILITY OF THE DRAFT SUPPLEMENTAL EIR: The Draft SEIR and documents incorporated by reference into the Draft SEIR may be viewed electronically on the CSLC CEQA website: <https://www.slc.ca.gov/ceqa/> and in printed form at the following locations:

California State Lands Commission
100 Howe Avenue, Suite 100-South
Sacramento, CA 95825

San Francisco Main Library
100 Larkin Street
San Francisco, CA 94102

Meeting Information: Thursday, September 11, 2025, via Zoom: **2 PM** and **6 PM**.

2 PM or 6 PM

Zoom Link: <https://bit.ly/SandMiningPublicMtg>

Webinar ID: 896 7321 6916

Call in number: (888) 788-0099 (Toll Free)

The meeting sessions will begin with a brief presentation on the proposed Project and contents of the Draft SEIR, including the environmental impact analysis and conclusions documented in the Draft SEIR. Staff will then receive public comment on the adequacy and completeness of the Draft SEIR.

If you need a reasonable accommodation to conduct business with CSLC staff during the meeting for a disability as defined by the Federal Americans with Disabilities Act and California Fair Employment and Housing Act, including but not limited to the provision of a sign language interpreter, please contact the Project Manager identified below at least 48 hours in advance of the meeting to arrange for such accommodation.

If you have any questions, please reach out to Project Manager, Christopher Huitt, at christopher.huitt@slc.ca.gov or CEQA.comments@slc.ca.gov.

NOTE: Before including your address, telephone number, email address, or other personal identifying information in your comment, please be aware that your entire comment—including personal identifying information—may be made publicly available at any time (including in the Final SEIR and posted on the CSLC's website). While you may ask the CSLC (prominently at the beginning of your submission) to withhold your personal identifying information from public review, the CSLC cannot guarantee that it will be able to do so. The CSLC will make available for inspection, in their entirety, all comments submitted by organizations or businesses or by individuals identifying themselves as representatives of organizations or businesses.
